

HOME HazMat Study Field Data Interview

Name:	Phone:
Access to study area (resident, employed):	
Most common observation period, such as work or driving schedule, evenings at home:	
What can you tell me generally about traffic patterns you observe on Routes 127 and 178, such as weekday/weekend, day/night, etc.?	
What can you tell me generally about large RV traffic patterns you observe?	
What can you tell me about large truck traffic, such as heavy periods, convoys, types of vehicles noted (flatbeds, van box, tankers)?	
Have you observed vehicles displaying placards such as these (show examples), such as gas or propane delivery? Any others? Are there specific delivery times? Please describe.	
Can you identify particular sites that ship, receive or store hazardous materials, such as fuel, industrial chemicals or cleaners or fertilizers?	
Other observations or comments?
